Excellent, I have been in this business for nearly 20 years & it is hard to find CE material that is challenging, relevant & suited to my level, this was.

She was great, very interesting and many more examples. The theory of love was not so clear to me, yes attachment theory

Great presenter

She was a great teacher, this seminar made me want to explore further training in EFT. I also gave a lot more thought to how I work with individuals and found it gave me some useful techniques

She has inspired me to seek further EFT training

Very interesting, effective and engaging. My only concerns are this model with highly traumatized people who are so damaged that they can't see the partner really need more individual work

very informative & clearly stated, extremely helpful, excellent dialogue in class and in details

Excellent teacher, inspiring very articulate, excellent use of clinical examples

Fun to listen to

engaging, skillful, love her work & her theory, very clear

I love the fact that she repeats the core points & illustrates them, this helped me learn, I love the examples from clients, I love the simple clear language

She was knowledgeable and engaging

She's very lively with lots of great examples from her work & loads of research data, sometimes she gets off topic with stories & examples that is confusing and disorientating

I enjoyed her very much

very engaging

very interesting good teacher, I loved listening to her stories, presents materials in a clear simple manner

would like more on steps and stages

Organized & focused

Gifted clinician & communicator

Instruction & teaching ability are very good overall; handouts didn't match the lecture too well; hoping for more info on traumatized couples & she sort of lost her momentum when it came time for that

Best I've heard

Down to earth; real; common sense

Appreciated Johnson's passion for what she was teaching; stories that were shared were very helpful, both from life experience as well as case studies

Great theory & approach

Could be pithier; fewer asides

Excellent teacher; repetitious but delightful; I learn well with her style of teaching

Excellent

Of all your programs, Dr. Johnson is the best; bring more!

Very engaging presentation

Outstanding not only in her knowledge, compassion & technique but also in her ability to communicate, teach & help others to assimilate the material effectively

Very engaging; very knowledgeable about theory, research & clinical use of EFT

Excellent

Dynamic, delightful, theoretically & empirically sound; she skipped a part at the end, maybe the last two sections

Very interesting and engaging

It was valuable and absorbing to listen again

Always a delight to listen to

Found info useful

A little hard to understand at times

very enjoyable

She goes off on tangents but does come back to what she was aiming at. I found the examples illuminating

Great therapy model, will use often

Either the questions on the test were hard to answer-more difficult than they needed to be or her teaching style was difficult for me. I've listened 4 or 5 times now & I am still uncertain about answers

enjoyed all of the examples very much, seemed easily applied

Excellent program

Either I am getting used to her style or she is a little softer in this presentation than the 6 hour one and more effective

She is entertaining, knowledgeable educator. Her sense of humor & ability to clarify helped me to take in big bites

She seemed very defensive and too much emphasis on "selling" EFT. She seemed to have a lot of "wasted motion"

I am a new fan, I have young children & prefer not to travel to seminars, this is a GREAT way to get high-quality instruction w/o traveling. I will be doing a neuroscience therapy one next..thanks!

Excellent quality! Defintaly will choose J&K seminars for all future CEU's

Thank you

Great seminar

Thanks

I would be very willing to do another home study program

Wonderful quality I would have loved to get on line to view the couples and therapy that they cited in the tapes, it was very informative and enlightening

I am behind in reporting my CE units for license renewal in part because of a death in my family

Very helpful way to get CEU's on ones own time

This was very informative, ive learned so much5

This was by far the best seminar I have taken, I repeat the cd's and continue to learn

Disks worked well, your service is good

keep up the good work

This is already helping me with my clients, this was valuable, thanks for recommending it

I learned a lot from this program and am considering getting further training in this model

very engaging

this was an informative experience, I learned so much, I appriciate how she tied in the work of others

Overall I like that this was 12 hour presentation; the longer the better because it goes into more depth.

Enjoyed listening to both sets; discs should each have an introduction & the breaks should be announced so I can keep my place in the notes; wish there was a way to borrow rather than purchase discs

So much knowledge was shared that it was helpful to be able to stop the CD for note taking purposes; best home study courses I have ever taken; thanks for making it avilable

Excellent training tape; I'll use it as a jump off point to continue to learn; I've bought Sue's book & will possibly get more training; I really believe in this model.

Well recorded & convenient

Rather do it on line; not be tapes

As you know, many companies are offering these home study courses. I really like the fact that you offer the best of the field!

Exceptional program

Please be sure to always give a microphone to audience members when they ask a question; J&K Seminars are outstanding, as well as customer service!

Helpful test; not distracting; well designed. Thank you!

The test seems only designed to evaluate whether one is listening for specific test details rather than whether significant hearing took place

I love coming to your seminars

Excellent superb, useful

I will be inclined except they will be limiting the number of licensing CEU's we can get for home study to 10 per 3 year period

This was such a relief, I had taken 2 other home study CEU courses and had been bored. I want to listen to these Cd's all over

without the distraction of the test
Nice job
I found this set of CD's exceptional, I look forward to more learning
Some of the test questions were obviously there to make you listen to the tape but not relevant to learning basic concept of Eft
