Style was a little off-putting at times, maybe because there was no person to look at

Very nice mix of principles & examples; cases were very informative; style is a lot like that of the comedian Dave Cook; it was like listening to Dave Cook for 12 hours; very enjoyable

Clear; highlights points & gives easy to follow examples

Excellent!

Use of humor & choice of anecdotes contributed to his effectiveness

Very engaging but too wordy!

A lot missed by not being there in person; often attendees questions were not heard; microphone not always used

Incredible; although I was listening, I felt very much present during the seminar

A lot of info packed into 2 days; I may have internalized more if it was presented over 3-4 days; but I will be able to use a lot of what Dr. Levy taught & my patients will be the better for it.

I highly recommend this training!

Struggled with listening to tapes for 7 hours

Difficult to find time to listened to all the tapes; twelve hours was too long

Outstanding audio!

Being able to complete seminar at my own pace is very helpful; I'm able to listen to tapes on down time; really enjoyed the format; I would review CD's whenever I felt a need.

I enjoy this system. If every CEU is this easy, I plan on using J&K consistently; I'm glad I have this CD series in my repertoire

Great learning experience
