OPEN QUESTION

13) Additional Overall Comments, Criticisms, Compliments, and Suggestions (What can we do to improve our programs)?

I enjoyed the workshop, but I do have a concern. Frequently I hear presenters talk about Buddha and his Philosophy. I admit some helpful techniques have been derived from Buddhism, but as Christian I see a double standard. If a presenter shared some of the sayings of Jesus ("Love your Neighbor as you love yourself" and "Treat others how you would want to be treated"), some might say it's pushing a religion. My theory is people don't complain since Buddhism is so widely accepted among therapists

See #11

It was in the usual superior J&K professionalism.
