OPEN QUESTION

Comment:

I have not received handouts.

I appreciated being able to log on virtually.

In regards to technology: The slides were blurry on the screen. This was due to the camera showing a live feed of the projected slides at the physical location of the training. Yes, I can use the handouts; however, I would have expected better picture quality. Screen sharing could have been used for the slides. Additionally, the presenter was almost whited out due to the lights and the quality here seemed low resolution as well.

always great content

This presentation was fantastic. I hope it is given again (and updated) in 2 years!

However, I would be very unlikely to attend another presentation by this specific presenter.
