"Effective but I would've liked more cases demonstrating effective treatment. "

"She was great! This was the best seminar I have ever attended. I believe I got more from this than any other training I have attended in the past 20years. The information was so relevant. It challenged my thoughts and I appreciated that. "

Reviews about the Speaker

"She was Amazing!!! I've never done this via webinar, but usually attend in person. She kept me so completely engaged the entire time! I think you should do a 3 or 4 day one with her! Also have her back for a Sexuality conference!! "

"She was amazing and was able to hold my attention. I feel like I learned a lot from her presentation. "

"Arlene is a leading authority in this area and a dynamic, thoughtful and affirming presenter. What I appreciate most about her style, is her relate ability and the ease by which she humanizes people from every walk of life. "

"I really appreciated hearing from someone who had been in the field for so long. She seemed to express sensitivity and insight congruent with what I've heard from personal friends who are trans or elsewhere on the rainbow. "

"The speaker was knowledgeable regarding the material present though at times seemed to be more flippant and contradictory of topics. As well, the use of anecdotes were a bit on the heavy side. There seemed to be some distraction and confusion on the part of the speaker. Very enthusiastic though"
