The speaker obviously knew a great deal about his topic.

Excellent presentation; excellent presenter. Very helpful going forward as a clinician in practice.

Maybe less time could be spent on why people want to commit suicide

This was a dense topic and it might need more time committed to it. It seems like things were rushed because of the time constraints.

Very well done.

13) Additional Overall Comments, Criticisms, Compliments, and Suggestions (What can we do to improve our programs)?

Dr. Neimeyer spent a lot of time on some introductory parts and seemed to have to move quickly through the second half of the program which included some of the most important points. Might be better to distribute his time a bit differently.
